

The Seattle AWIS Monthly Programming Series Presents:

Taking the Lead in STEM

Wednesday – November 16, 2016 – 6:00 PM

Fred Hutchinson Cancer Research Center – Pelton Auditorium
1100 Fairview Ave. N., Seattle, WA 98109 – Free visitor parking

6:00 PM - Networking and Refreshments

6:30 PM - Introductions and Program

7:45 PM - Networking and Dessert

According to the NSF, women hold less than a third of the positions in most STEM fields, despite being nearly half of the college educated workforce. What factors contribute to this gender gap and how do we promote a culture of leadership that includes women of all backgrounds? At this program, we will investigate strategies to help women move ahead and up in all areas of STEM, drawing from the knowledge of top women in business, technology and the life sciences.

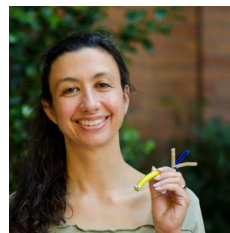

Our Distinguished Panelists

Cate Goethals
Director, Women Board
Director Development
Program, UW Foster School
