

The Seattle AWIS Monthly Programming Series presents:

The Landscape of Artificial Intelligence

Wednesday – December 14, 2016 – 6:00 PM

Fred Hutchinson Cancer Research Center – Pelton Auditorium

1100 Fairview Ave. N., Seattle, WA 98109 – Free visitor parking

- 6:00 PM Networking and Refreshments
- 6:30 PM Introductions and Program
- 7:45 PM Networking and Dessert

Come join us to learn about local Artificial Intelligence (AI) research and the future of AI.

Our panelists will share their research in the subfields of machine learning, intelligent interaction, and mechanism design. We will learn how our panelists got into AI and discuss how their subfields have evolved. Then our panelists will share some common misconceptions, their thoughts on the rate of progress towards general AI applications, and how advances in AI will impact society.

Our Distinguished Panelists:

Anushka Anand

Senior Research Scientist,
Tableau Software

Dominique Simmons

Applied Research Scientist,
Dimensional Mechanics

Ece Kamar

Researcher, Adaptive Systems
and Interaction Group,
Microsoft Research

All programs are FREE and open to the community.
All are welcome – members, non-members, men and women.
