

The Seattle AWIS Monthly Programming Series presents
Climate Change and The Science Behind Extreme Weather

Wednesday – October 18, 2017 – 6:00pm

Fred Hutchinson Cancer Research Center – Pelton Auditorium
1100 Fairview Ave. N., Seattle, WA 98109 – Free visitor parking

6:00 pm - Networking and Refreshments

6:30 pm - Introductions and Program

7:45 pm - Networking and Dessert

There is a consensus among scientific community that climate change is happening. What are the causes and effects of climate change? Is extreme weather tied to climate change? How much will the seas rise? Our climate change experts will speak on their research, perspectives and recommendations regarding the challenges that climate changes pose.

Our Distinguished Panelists

Steven Emerson, PhD
Professor Emeritus,
School of Oceanography
Program on Climate Change
University of Washington

Dargan M. W. Frierson, PhD
Associate Professor
Dept. of Atmospheric Sciences
University of Washington

Nicholas A. Bond, PhD
Research Meteorologist,
Joint Institute for the Study of
Atmosphere and Ocean

All AWIS programs are FREE and open to members and non-members, both men and women!
