Explore Portland!

June 17–August 9, 2019
Program length: 8 weeks

REU at PSU is now recruiting highly motivated undergraduates for our summer program—emphasizing outreach to female, veteran, minority, and nontraditional students. Gain practical and professional skills to smoothly transition into advanced research positions, graduate programs, and competitive careers in STEM fields.

Research Opportunities:

- Physics / Nanotechnology
- Chemistry
- Biology
- Electrical and Computer Engineering
- Mechanical and Materials Engineering
- Environmental Science

Application Due
March 4, 2019
