

The Seattle AWIS Monthly Programming Series Presents;

## TECH CAREERS FOR STEM GRADUATES

Seattle is a technology hub, with some of the biggest tech companies in the world calling our city home. With so many opportunities right on our doorstep, our speakers will share their diverse backgrounds that led them into their current careers. From Program Managers to Engineers, and with background from Chemical Engineering to Biology, our panel will share their views on the tech industry, the opportunities it brings, and the challenges it faces.
