

The Seattle AWIS Monthly Programming Series Presents;

## LANDING YOUR NEXT ROLE

When it comes time to look for your next role, it might feel like you're unsure where to start. From editing your CV to perfection, to preparing for the interview, there is a lot of preparation that goes into a career move. With help from our experienced panelists, from across the STEM sectors, we will dive into best practices for job seekers, and answer your questions about landing your next role.
